A letter to the New Orleans Picayune, dated at Buena Vista, 22 ult., says that Col. Payne, of the North Carolina regiment, had rendered himself unpopular with his regiment. The men were disposed to revolt. They had thrown stones at his tent and refused to obey him. He had shot two of them!

THE COTTON CROP.—The army worm is said to be committing ravages in some parts of Mississippi and the southern part of Alabama. The Yazoo City Whig says the boll worm has also done a great injury, and is predicted by those who are judges, that the cotton crop will be very short.

A gentleman from Kentucky informs the editor of the Baltimore Patriot, that he saw the overcoat of General Taylor a week or two ago, and learned that he had received a letter from the General, stating that he would return to the United States in September.

## "CITY" ITEMS.

PIC-NIC.—Yesterday was a glorious day, the sun rose as clear as crystal, and not a cloud was to be seen during the day. The children of the Public Schools, together with a large number of ladies and gentlemen, assembled at the 2d Baptist church at about 11 o'clock, where the children were addressed by the Hon. Henry Y. Crunston, the Hon. William Hunter, and the Rev. Henry Giles.

At one o'clock the procession was formed at the Church, consisting of about eight hundred children, and headed by a band of music, when they marched to the orchard of Mr. Daniel Peckham, where tables had previously been arranged, loaded with "aid and comfort," which the children soon disposed of.

After satisfying their appetites, some resorted to swings, several of which had been put up for them, others "tripped the light fantastic too," to music by the band. Joy was unconfined on the occasion, and all was life and commotion, every countenance wearing a benignant smile.

At about four o'clock the procession was again formed and marched into town, down Broad street to Spring, down Spring to one of the cross streets in the lower part of the town, and up Thames street to the Parade, where they were dismissed, and all departed to their homes, somewhat fatigued, no doubt, but well pleased with their picnic, and the exercises of the day.

There were about 800 spectators present in the orchard.

Great credit is due our Public School Committee and to the Teachers for their efforts to make everything comfortable and pleasant for the children on this occasion.

One of the up-town schools, Miss Roberts', composed of girls, seemed to attract considerable attention on account of their neatness in dress, all of them having on white bonnets, and most of them white dresses.

The school children were all very orderly in the procession, but we noticed some boys not in the procession, who we are inclined to think never belonged to any school, who acted very badly.

The scenes of yesterday will long be remembered by the children who participated, and they will now we doubt not, take hold of their studies with more earnestness and determination, since they see the interest taken in their behalf by those placed over them.

ROSE BUD.—We are reminded of the truth of the proverb which saith "all that's bright must fade" by a little Rose now before us. But yesterday morning it was plucked from its parent stem, its petals just merging from their confinement—but now look upon it! Through the influence of the genial rays of the sun it was brought to maturity, but, alas! soon to wither and fall to decay. A true spectacle of human life.

How true a picture of human life, and of the growth and decay of human beauty, is exhibited in the following lines by Jeremy Taylor—"But so I have seen a rose newly spring from the clefts of its leaf; and, at first it was fair as the morning, and full with the dew of Heaven, as a lamb's fleece; but when a rude breath had forced open its modesty, and dismantled its youthful retirement, it began to put on darkness, and decline to softness, and the symptoms of a sickly age came on; it bowed its head and broke its stalk; and at night, having lost some of its leaves, and all its beauty, it fell with the portion of weeds and outworn faces."

Mrs. Joseph Armington, of Providence, presented her little lord with a son and two daughters on the morning of the 10th inst., one of which has since died, but the other two, with their mother are "doing well." The mother has done better than could be desired, we should think.

The schooner Ocean, which has been repairing in our harbor, the damage she sustained in the gale of the 15th ult., sailed for Norwich on Friday last. In going into New London Harbor she struck on Black Ledge where she remained from 10 o'clock Saturday noon till sometime in the night when she was got off without sustaining much damage.

Massachusetts, with all her boasted learning, has got men holding responsible offices as ignorant as asses. The Editor of the Chronotype has been sued for a libel on one Colonel Wright, now in Mexico, North America, but the indictment sets forth that Colonel Wright is in Mexico South America.

## STILL LATER FROM MEXICO.

## Gen. Scott wounded.

We are indebted to Mr. Augustus Goff for a copy of an Extra from the Boston Bee of last evening.

News has been received from the city of Mexico to the 26th.

The loss of the Americans is set down at 1100 out of a force of 7000.

Gen Scott received a wound from a grape shot just below the knee. The wound is not regarded as serious.

Among the prisoners taken were 72 deserters from our army.

Much dissatisfaction prevails our arm on account of the Armistice. They think it is a trick of Santa Anna.

Concerning the prospects of peace there are various opinions. Mr. Trist is said to be satisfied with the negotiations thus far.

WASHINGTON SEPT. 11.—Despatches for the government have this moment been received. The intelligence heretofore received is fully confirmed. On the 20th ult. the American forces consisting of 7000 men, met the enemy at Charabuzes, three or four miles from the capital. The Mexicans were 32,000 strong, and posted behind an immense battery of artillery.

After two hours bloody conflict, our gallant troops sent everything before them, mainly at the point of the bayonet. The American loss was less than a thousand, while that of the Mexicans is estimated at five thousand, and amongst the killed are many distinguished men, both Generals and civilians.

The armistice was agreed upon, and five Commissioners appointed on the Mexican side, at the head of whom was Herrera. The commissioners had two meetings, and were to hold a third on Monday, the 30th. Valencia escaped with two companies to Talica, and has since pronounced against Santa Anna and peace.

Patrick T. Jackson, for many years distinguished among the most prominent of the citizens of Boston in works of private enterprise, died on the 12th inst.

NAVAL.—The frigate Brandywine, Capt. Crabbe, bearing the broad pennant of Com. Storer, destined for Rio Janeiro, went to sea from Hampton Roads last Thursday morning.

The Jamestown, the flag ship of Commodore Bolton, bound for the coast of Africa, is not expected to sail till the latter part of this week.

FIRE.—The extensive tan works of W. L. Warner & Co., in New London, Conn., were burnt on Monday night. Loss 6 to \$7000.

MASONIC DEDICATION.—The Equality Lodge of Free and Accepted Masons was dedicated at Martinsburg, Va. on Saturday last. A large number of brethren convened for the purpose. The reputation of the orator, Joseph R. Chandler, Esq., attracted a great crowd, and they were not disappointed. A Newcomer, District Deputy G. M. of that Masonic District, officiated at the dedication.

NATIVE AMERICAN NATIONAL CONVENTION.—This Convention met in Philadelphia on Friday last for the purpose of nominating candidate for the Presidency and Vice Presidency to be supported by the Native party at the ensuing election. The "Sun" says that the whole business which was done by the Convention may be summed up in the following words:

Gen. Z. Taylor, has been proposed or recommended to the people of the United States as a candidate for the Presidency.

Gen. H. A. Dearborne has been nominated as the Native American candidate for the Vice Presidency.

The Convention refused to alter the name of the Native American party, and also refused to ratify the doings of the Pittsburgh Convention, thereby acknowledging the supremacy of the original principles of the party, as adopted in Convention of 1845.

Crew of ship Gertrude, of Boston, had mutinied in the bay below New York, and the revenue cutter went down to arrest them.

A Yankee Captain once sang out, in a squall, to a raw hand newly shipped on board his craft—"Let go that jib there! let go that gib!" "I ain't n touchin' on it," replied the green one.

The Artillery Company parade today, and shoot for a silver cup.

The most prolific source of disease is undoubtedly impurity of blood. And to no people are more subject than those of this country, from the plentiful and comparatively luxurious diet in which their prosperity enables them to indulge. To purify the blood, and relieve bowels from the unhealthy state produced by that impurity, Brown's Sarsaparilla and Tomato Bitters are extremely well calculated. They will eradicate those impure humors which are the source of uncleanliness to the system, and occasion such deformity when they make their appearance externally. The demand for the above Bitters is rapidly increasing in all places where they have been sold, and there is scarcely a day passes but we have some ordered by our first physicians, for dyspepsia, indigestion, weakness of the stomach and limbs, costiveness, general debility, rheumatism, &c. In fact there is not the least doubt but they are the best alternative now in use for a disordered system. The vegetables that these Bitters are mainly composed of are too well known to have the least said in their favor. Remember in all cases when you purchase Brown's Sarsaparilla and Tomato Bitters, to see that the directions are signed by the proprietor, F. BROWN, in his hand-writing, without which none are genuine. For sale by

JONES' SOAP.

Ladies in the country and watering places, look how the sun has burnt your faces!

Look at your cheeks—how yellow, dark with tan! Why, twill repulse the love of any man!

These freckles, too, you know they'd quickly fly if Jones' Soap you'd use; come once—do try—

It costs but fifty cents, and I am told

It's worth, aye, doubly worth, its weight in gold.

Persons who have had no faith in it, have been astounded at the wonderful effect of Jones'—that is, the genuine Jones' Soap—in purifying the skin. For sale by Dr. R. J. Taylor.

[Extract of a letter from Dr. Williams of V.]

Gentlemen—I will thank you to send me two dozen more of your Sarsaparilla and Tomato Bitters. I have used it with great success in four cases of dyspepsia, curing each of them in an almost incredible short time; likewise one case of scrofulous humor and one of jaundice. I consider it a valuable compound, and must say I have used it with the happiest effects. Should like to have it as soon as convenient. One of the cases of dyspepsia was a gentleman who had suffered a long time, and had been to the Springs for two seasons.

A. Boyden, Esq., of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect.

For sale by R. J. TAYLOR.

From the Boston Daily Whig of Feb. 12, 1846. HYPERION FLUID.—Those who wish for a valuable preparation for the hair, are referred to Mr. Bogle's advertisement in another column. His Hyperion Fluid, it is supposed, will soon supersede most fluids now in use for the hair, as it is a very superior quality.

**GENUINE BEAR'S OIL.**  
Highly Perfumed.—Perhaps our ladies and fashionable are not aware that the oil of the "Bear's oil," (so called) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells an ounce until he knows it to be genuine. The real Bear's Oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.  
Purified and perfumed for toilet purposes, by Henry Johnson, Chemist and Druggist, 273 Broadway corner Chambers st. in the granite building. Sold in Newport by R. R. HAZARD, near the Court House.
